

INTERNATIONAL QUALIFICATION EQUIVALENTS GUIDANCE

For Entry to our BA Degree

Below are lists of some of the international qualifications that we consider for entry to our undergraduate BA degree course, and an indication of the levels of achievement we normally consider that are equivalent to UK A-Level grades.

These tables don't include all the international qualifications or countries that we consider for entry. If international applicants are unsure whether they meet the requirements, they can contact us for clarification. If we do not have a good enough understanding of an international qualification, we may ask an applicant to obtain a [Statement of Comparability from UK ENIC](#)
